Erasmus - Slovakia

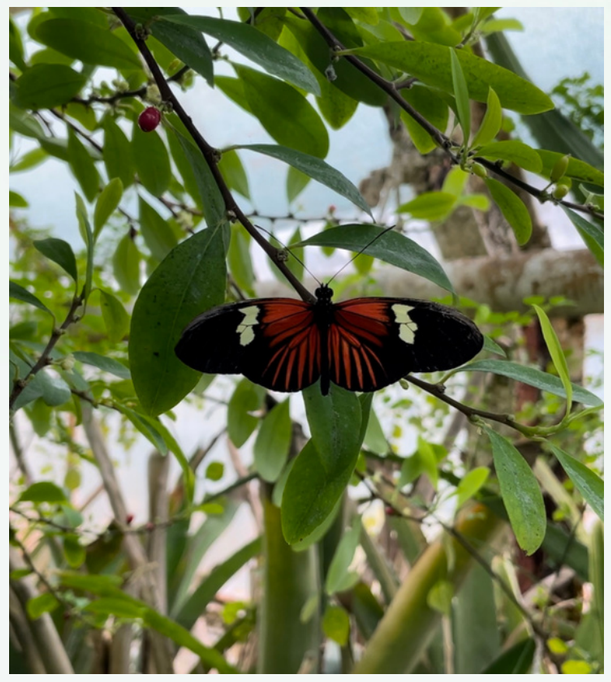

Today it was the 4th day of our Slovakia trip.
We all met at half past eight at the meeting point and went by bus to the oldest city of Slovakia: Košice.
After 1 hour we arrived and had a short time in the shopping center to buy something to eat and to go to the toilet.

After that we went together to a city tour with a guide.
The guide showed us special sights of the city For example the Theater, the cathedral and the most famous hotel of the city doubletree and told us a lots of informations about the Historie.

Than we went to the Botanic Garden.
There were several buildings with different plants and in the middle there was a dreamlike park with roses and a pond.
The best thing were the butterflies in one of the buildings. They were flying around and you could see a lot of different colours.

In the evening we had our goodbye party which startet with the Dinner.
The Appetizer was a nudelsoup and then it continued with the main course, we had rise and potatoes with meat and souce. And the last part was the dessert, it was pancakes with something like Rasberry.
After that we all danced a lot and some of us were playing billiard, so we all had a lot of fun and have enjoyed the evening.
