Erasmus Slovakia

Today was the day we left, so nothing special happened.

Early in the morning we got up, packed our last stuff together. Then we left the hotel and brought our luggage into the car and started our way back home.

The first 4 hours all of us, except the teachers, slept. Half past ten we made our first break in the Czech Republic to eat something for lunch, because we´ve skipped breakfast.

After more than 10 hours and one more break we finally arrived home.
